# Have Confidence In your Conference

# Marge CAREY

**As a longstanding member of the Conference Arrangements Committee my priority remains helping make your annual conference both welcoming and inclusive, especially to first time CLP delegates.**

Together, we are also working hard to improve disability access and facilities.

As a member of USDAW and with 37 years membership of the Party, I know how important conference is. I have been really keen to see communication with all delegates and visitors improved - and the introduction of our "**How conference works**" document is a small step on that road.

I believe the opinions of the Constituency delegates are vital for the democracy of the Party and conference.

With your support I can continue to assist the CLP delegates in the conference process.

I would like to thank my own CLP (St Helens South and Whiston) for my nomination and the other CLPs that nominated me.

**I am immensely grateful for the support of CLPs over the past 10 years in which I have served on the CAC.**

I am seeking re-election and would like to thank my CLP, Liverpool West Derby, for nominating me.

I have been an active Party member for 27 years. I first attended Annual Conference as a 17 year old delegate from Enfield Southgate CLP in 1984 and have been attending ever since - as an activist, a delegate, a PPC, a councillor, an MP, a Minister and in my CAC role. My priorities for the CAC are to promote a truly inclusive Conference where the voices of CLP delegates are heard.

When I was first elected to CAC my emphasis was on making Conference more welcoming for all delegates but with a particular emphasis on first time delegates, disability issues and improving childcare. I believe we have seen good progress in all these areas but still more can be done.

I am also a member of the Co-Op Party, USDAW, and the Fabian Society.

**Stephen Twigg**, Liverpool West Derby CLP
